

Welcome to Jump & Giggle!

We aim to provide a program through music and other activities that make each child feel special, and to provide support to parents and carers.

What you can do

Be involved in the music session. Sit on the mats or the chairs behind.

Children will copy your enthusiasm and actions.

If your child is too young to move on their own, assist with the actions.

This will help them with their developmental learning and reinforce the bonds between you.

Cost

The cost is \$7 per child, and \$1 for each additional child.

Children will copy your enthusiasm and actions.

Enrolment Forms

These are required to be completed and signed before joining the session

Session

The program includes musical activities and nursery rhymes, followed by storytime.

Morning tea of fruit is supplied under parental guidance. Children must bring their own drinks.

Tea or coffee with fruit is provided for parents in the cost.

After their morning tea, children can stay for a time of free play while the adults chat and get to know each other and the volunteers.
